coveries of a startling character.

While the existence of a "spruce agreement" among the members of the New York Lumber Trade Association. who have locked out their employees in Manhattan, the Bronx and Brooklyn, is being flercely denied by the officers of that organization, the artisans' lead-ers offer proof of their charge that the material dealers are a hide-bound and blacklisting organization by the following quotation from the "By-Laws of the New York Lumber Trade Associa-

"Article No. 8-The Board of Trustees are empowered at any regular or special meeting to fine, suspend or expel a member for any of the following causes: (a) non-payment of dues; (b) violation of any of the by-laws; (c) for conducting a business not legitimate as defined in Classes A, B and C of Article No. 2, Section No. 1; (d) for violating agree-ments made between members; (e) for any other cause which they may deem good and sufficient.

How Members Are Classified. "Article No. 2 (membership classifica-

J., east of the Hackensack River. This class shall be called nonresident members, and shall pay annual dues of \$5, but shall not be entitled to vote, and shall not be eligible to membership in the organization nor to participate in or receive any benefits from the "spruce agreement" or other gents which may be in force be tween resident members of this association. (Annual dues for members of Class A and Class B is fixed at \$20 each).

"Article No. 19 (Spruce Agreement)-We, the members of the New York Lumber Trade Association, do hereby agree to adopt the following schedule of prices, it being understood that this shall not be binding unless practically all the dealers shall sign the same: All timber 9 inch and under wide, 23 feet and under long, not less than \$-- per M. All timber 9 inch and under wide 24 feet and over long, not less than per M. All timber 10 inch and up wide, all lengths and all square timber, per M. "Just when the United Board will take action against the material men has not been determined and will not be decided for several days," said The Evening World's source of information.

"The yards of the lumbermen remain closed in Manhattan and the Bronx, and the lockout has been extended to Brooklyn. They have refused to receive our committee, and they have refused to discharge the so-called union men who have had the courage to organize, Why? It can be nothing less than a plot to bear the wholesale price of spruce as has been diarged through the columns of The Evening World."

EMPLOYERS FINISH THEIR ORGANIZATION.

The retallatory measures of the "Committee of Five" appointed by the United Board of Building Trades to investigate organizations of employers with a view to legal proceedings in defense of the trade unions bore fruit to-day in discovering of a starting character.

The initiation fee has been placed at \$25, which will give the organizations of \$50,000 with which to carry out the aims of the officers in regulating abuses.

After he had reached his brother's house and greetings were over he inquired for the dog. The members of the family exchanged funny looks and the pet of the household was ush-

"Well, I'll be jib-down-hauled," said the navigator, "if that is the dog I sent you. Where is that retriever I sent you

from Philadelphia?"
"We thought it was rather funny" said the family, "but this is the dog that came in the cage. We didn't want to hurt your feelings by not accepting it, and we've done the best we could

The captain decided the joke was on him, too, but the remarks he made about the ways of American express companies and the "good-for-nothing" system of common carriers in the Unied States as compared with common carriers in "England, sir." wouldn't do in type.

A WHITE STORE THAT IS WHITE IN NATURE AS WELL AS IN APPEARANCE.

We do honor to Madame Fashion this week by dressing the store in white. So long as it is to be a "white season," this seems a perfectly proper thing to do. The very great sale of June Undermuslins, already begun, is closely seconded by other sales in different departments where white merchandise forms a part of the stock.

Yes! White Merchandise! White in more ways than one.

White, because it is the best your money and our money can buy. White, because if style is required you'll find an abundance of it. White, because you get the benefit of our great purchasing facilities and pay us LESS for equal qualities. White, because if anything goes wrong the Simpson Crawford Company stands here to right it.

The White Store and the White Sale are one and the same, no matter how you look at it.

And Now for a Shirt Sale

THAT BEATS 'EM ALL.

With the thought of the coming Holiday in mind, our Men's Shirt Buyer went gunning after a special lot of shirts to set all New York talking. He knew of a factory that had a thousand dozen on hand and who were anxious to unload before starting on the manufacture of stiff bosom kinds for next fall. He got the shirts. of course, else this story would remain untold. So to-morrow we place on sale

Men's Negligees Worth \$1.50 and \$1.00 at 65c. Each.

Looked at from the kind of material, the roominess of each garment, the cut and general character, the beauty of the patterns, their close approach to custom made shirts, it is

THE BIGGEST VALUE WE'VE EVER OFFERED.

The cost of the bare material and the making is not covered in the price you are to pay for them. Material is a mercerized satin striped madapolan—white grounds with thirty-seven combinations of cluster figures and stripes-all neat, refined patterns. They are made extra wide in the body, have gathered yokes, split neckbands, continuous sleeve facings, ocean pearl buttons and are 36 inches long. Four-ply detached cuffs to match. All sizes and patterns in 14 to 17½ inches, and some patterns in 18 inches. Five hundred of them have pleated fronts—the balance are plain, but natty

Miss Alice Bailey, of Atlanta, Ga., tells how she was permanently cured of inflammation of the ovaries, and escaped the surgeon's knife, by the use of Lydia E. Pinkham's Vegetable Compound.

The universal indications of the approach of woman's great enemy, inflammation and disease of the ovaries, are a dull throbbing pain, accompanied by a sense of tenderness and heat low down in the side, with occasional shooting pains. On examination it may be found that the region of pain will show some swell-

ing. This is the first stage of inflammation of the ovaries.
"Dear Mrs. Pinkham:—I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life.

"I had suffered for three years with terrible pains at the time of men struation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation.

"I felt so weak and sick that I felt sure that I could not survive the ordeal, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now.

"You surely deserve great success, and you have my very best wishes."-Miss Alice Bailey, 50 North Boulevard, Atlanta, Ga.

Another woman saved from a surgical operation by Lydia E Pinkham's Vegetable Compound. Read what she says:

"Dear Mrs. Pinkham:-I cannot thank you enough for what your Vegetable Compound has done for me. If it had not been for your medicine, I think I would have died. "I will tell you how I suffered. I could

hardly walk, was unable to sleep or eat. Men-struction was irregular. At last I had to stay in my bed, and flowed so badly that they sent for a doctor, who said I had inflammation of the ovaries, and must go through an operation, as no medicine could help me, but I could not do that.

"I received a little book of yours, and after reading it I concluded to try Lydia E. Pinkham's Vegetable Compound, and I am now a well

95c

woman. I shall praise your medicine as long as I live, and also recommend the same to any one suffering as I was."-Mrs. Minnie Ottoson,

All sick women would be wise if they would take Lydia E. Pinkham's Vegetable Compound and be well.
